2023 Programme of Crafty Rants

As the new season begins at Englesea Brook Chapel and Museum, Crafty Ranters are back with another season of enjoyable and intriguing crafts that resonate with the spirit of Primitive Methodism.

We are hoping to create some Prim character rag dolls to use in storytelling at the museum. Let us know if you can help!

14th April: Recycling is the new rebellion.

The Prims and others in their day re-used and adapted all sorts of materials, including using old rags to make rugs. Learn this simple technique of rag-rugging.

12th May: Radical notebooks.

Make a statement with decoupage and cover a notebook with your favourite protest.

9th June: Your personal favourite.

Bring along a craft project you are working on, or perhaps draw on others' experience to try a new technique.

14th July: Women's banner of strength.

Make a banner together celebrating the heritage and strength of women's actions.

11th August: Do your own thing.

Another opportunity to bring along your own craft to share and to learn from others in the group.

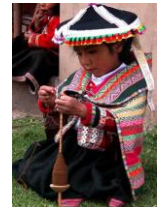

8th September: Get alongside nature.

Try your hand at stick weaving using nature's own loom.

13th October: A drop of something special.

Learn the ancient craft of using a drop spindle. Bringing your own sheep is optional!

PLEASE NOTE THERE IS NO MEETING IN NOVEMBER

8th December. Christmas is coming!

A special extra festive rant!!

Crafty Ranters is a group open to all, of all abilities. Materials are provided, unless stated. There is no charge for the sessions, but donations are welcome.

Please let Ruth know when booking whether you have any dietary requirements and/or require wheelchair access.
