

## **'The crunch beneath our feet'**

It is autumn when the leaves begin to turn to gold, bronze and ruby colours.

This is the time of dying-back when the plants and animals prepare for winter rest.

As the leaves fall from the trees, they make pleasing crunchy paths for us to tread.

The Primitive Methodists walked long miles to tell people about Jesus, no doubt enjoying the crunch beneath their feet in autumn.

To celebrate this special time of year when we enjoy the tawny brights of the turning leaves, why not make an autumn wreath?

- If there are fallen leaves outside, collect some to glue to your wreath...
- or colour in the paper leaves from the template.
- Draw round a medium plate onto card and cut round. Cut out the centre.
- Make a hole at the top of the wreath and thread twine through so you can hang it in your home.
