

Sample Power Point slide from 'Introduction to Primitive Methodism'

- Form a **political party**.
- Choose a name for your party.
- Decide what you want to **campaign** for. It could be that you want a longer breaktime, or that you would like more maths each day!
- Make **placards** (signs to hold) that tell people your party's name and your campaign. Think of a catchy **slogan** (a short, memorable sentence).
- Hold a **hustings** where the voters can be **canvassed**. This is an opportunity for each party to tell the class about themselves and why they deserve a vote.
- Now everyone has the chance to **vote** for their favourite political party.
